## Your Smart Solution for Online Learning

With **SmartLINK**, **SmartSES** can be directly connected to a Moodle LMS and with Adobe Connect Pro to easily create and maintain online classes. Your business will benefit whether you offer online, face to face, or blended learning solutions.

## SmartSES has Tools to Build Your Business

Whether it is our CRM features that allow you to convert leads and feed your pipeline or our diverse set of features that are adaptable to many different types of educational offerings, Smart will fuel your growth.

### Dashboard

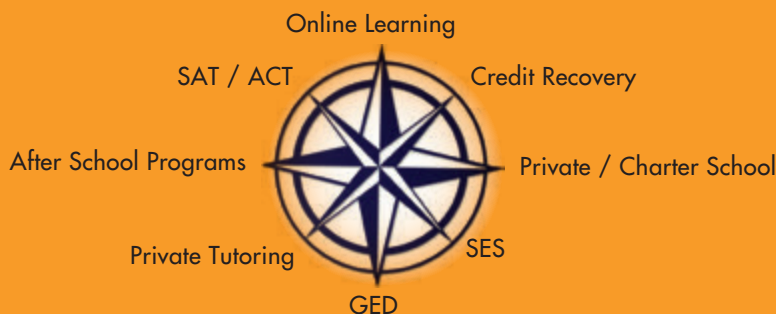

Real-time data at your fingertips. Alerts that ensure tasks are completed in a timely manner.

### Student and Staff Management

Monitor your entire business from your office. From pre and post assessments to payroll and invoicing, Smart has the pulse of your business.

## Choose Your Direction

**Smart Will Take You There.**

SmartSES is a project of

**Learner First** Where Education Begins
